From Wikipedia, the free encyclopedia

Rebelión is a nonprofit news site, started in Spain at the end of 1986 by a group of journalists^[1]. It contains scientific and opinion articles covering topics such as, current affairs, free knowledge, culture, ecology, economics, and resistance to globalization^[2]. Texts by and translations to Spanish of authors like Heinz Dieterich, Noam Chomsky, Marta Harnecker, Eduardo Galeano, José Saramago, Gabriel García Márquez, Julio Anguita, have been included in *Rebelión*.

In 2008, *Rebelión.org* was included in the Spanish-language Wikipedia spam blacklist. Rebellion.org accused the Spanish-language Wikipedia of banning them, allegedly charging some administrators of right-wing bias^[3], since other Spanish sites, with similar content but from right-wing perspectives, were not banned.

Publications

Rebelión has published two collective books, with the help of their regular columnists, who ceded their texts for the edition in paper. *El caso Venezuela 11-04-02* [*Translation*: The Venezuelan Case 11-04-02]^[4]. The second work was entitled *Washington contra el mundo* [*Translation*: Washington against the World]^[6]. This book, dealing with recent events, was a selection of 24 articles written by 18 authors from 7 different countries, who regularly collaborate with *Rebelión*. Noam Chomsky, James Petras, Eduardo Galeano, Vázquez Montalbán, Carlos Taibo, Julio Anguita, Edward Said, Michel Collon, Gary Lupp, Michel Chossudovsky, John Brown, Santiago Alba Rico, Michael Parenti, Simón Royo, Pascual Serrano, Roni Ben Efrat and Javier Barreda participated in this selection.^[7] The book has a prologue by the journalist and writer Javier Ortiz and was published by Editorial Akal.

Another book is *La batalla de los intelectuales: nuevo discurso de las armas y las letras* ("The battle of intellectuals: new discourse about weapons and letters")^[8] by the playwright Alfonso Sastre. In its second edition, it included several texts about the debate developed in *Rebelión* after its first edition.^[9]
